Windsor has been occupied by successive monarchs for over 900 years. William the Conqueror through the current Queen have all lived at Windsor. Visit St. George's Chapel and the State Apartments. Next arrive at Stonehenge, the mystical stone circle on the vast Salisbury plain. Considered the world's best-known megalithic

monument of the Neolithic and Bronze Ages, the site was originally thought to be a place of early Druid worship. Its origins date back nearly 5,000 years, and even today it remains a remarkable and mysterious feat of ancient engineering and design. Continue on to Bath, another world heritage site. Bath is a beautiful Georgian city with delightful crescents, terraces and architecture. Follow our guided walking tour of the city including Pultenery Bridge, the Circus and the Royal Crescent. There will be plenty of time to shop and explore. You could visit the Roman Baths, Bath Abbey, or the Jane Austen Centre and the elegant Assembly Rooms built in 1771.
